Fascinated by logic-building and creativity, I thrive on crafting engaging front-end experiences. Coupled with a passion for travel, I find inspiration in diverse cultures and landscapes, enriching my approach to design. Constantly driven to merge technical proficiency with aesthetic innovation in digital projects.

PERSONAL PROJECTS

Tic Tac Toe In Flutter

.

06/2024

Developed a Tic Tac Toe game using Flutter, showcasing proficiency in Dart programming and mobile app development. The app features a responsive UI, game logic for single and two-player modes, and state management using Flutter's built-in tools. Integrated smooth animations and user-friendly design to enhance the gaming experience.

Auth Using sqlite3 in android

.

05/2024

Implemented user authentication in an SQLite3 database, handling secure storage of credentials, and providing robust access control mechanisms. Ensured data integrity and user privacy through encrypted storage and secure authentication processes.

Portfolio Website

.

06/2024

Developed a portfolio website using HTML, CSS, and JavaScript, showcasing projects and skills with a responsive design. Integrated interactive elements and optimized for performance and SEO.

CERTIFICATES

Rajasthan Police Hackathon 1.0 (01/2024 - Present)
